

A Message from Prof. James S. Harrison, Chairman of the BCURA Council.

BCURA 2009 ROBENS COAL SCIENCE LECTURE - MONDAY 12th OCTOBER 2009

I am pleased to announce that Mr Neville Holt of the Electrical Power Research Institute (EPRI) has accepted BCURA's invitation to present the 2009 Robens Coal Science Lecture.

Mr Holt is currently Technical Fellow for Advanced Coal Generation Technology in the Environment and General Division of EPRI in Pal Alto, California. He is also technical lead for the CoalFleet program of Future Coal Generation Technology Options. This position covers the planning, evaluation and management of a program of research, development and demonstration projects pertaining to the commercial development of new generation technologies.

His lecture entitled "Coal Usage in a Carbon-constrained World?" will be given at The Institute of Physics, 76, Portland Place, LONDON, W1B 1NT at 6.30 pm on Monday 12th October 2009 preceded by tea and biscuits from 6.00pm. Please note the change from last year's venue.

At the end of the lecture there will be a short ceremony during which the Robens Coal Science medal will be presented to Mr Holt. After this presentation there will be a reception with drinks and buffet for all those attending. The attendance will be strictly by ticketed admission only.

My purpose in writing is to invite you on behalf of BCURA to this year's event. I hope very much that you will be able to attend and would appreciate your return of the form below. If you wish to attend this event then a ticket will be supplied to you. If you are unable to attend this year's lecture, then please feel free to pass on this invitation to others in your organisation who may wish to attend.

Yours sincerely

Professor J S Harrison
Chairman of Council

ROBENS COAL SCIENCE LECTURE

Thank you for your invitation to the 2009 Robens Coal Science Lecture.

I am pleased to accept/I regret I am unable to attend. (delete as necessary)

NAME: -

DATE: -
